### *Announcement*

The Honor Lea herd was established some 20 years ago. By starting with good foundation females, selecting the best sires, and with good management and feeding practices, they have built a reputation of producing top Shorthorn cattle.

Here is what they have been able to do: Produce four Grand Champions, three Reserve Champions, three winning Pairs of Bulls, at the Brandon Bull Show and Sale; Produce three Champion steers at the Manitoba Winter Fair; Produce two Grand Champions, 1953 and 1956, at the Dauphin Bull Sale; and finally at the Toronto Royal Winter Fair they have had Reserve Champion Shorthorn steer twice and a heifer, Lady Clara 7th—Lot 1, stood fourth in a class of 27.

The details of the herds' achievement at the Brandon Bull Sale is of interest.

1942—Six bulls entered—took Grand and Reserve Grand Championship, Junior Champion, and Best Pair. Highest average.

1947—Grand Champion (Red Ransom—sold for \$1700), First for Pairs, top average.

1951—Best Pair—Reserve Champion (Ransoms Triumph at \$1700 and Ransoms Monitor at \$1000).

1955—Second high priced bull at \$1195.

1956—Only three bulls entered. They were made Grand and Reserve Grand Champion, Senior and Reserve Senior, and Junior Champion. They had the high average of \$900 (Pictured on the front cover). Their dams are all in the sale.

1957—Seven bulls entered. In class of bulls twenty months of age they stood 2nd, 3rd, 4th and 5th. In the class of bulls sixteen months of age they won 1st, 3rd and 4th. The seven bulls averaged \$533.

You can now take your pick of this breeding herd that has been producing these WINNING SHORT-HORNS.

We are showing the most influential sires on the following page and this catalogue is abundant in information for the breeder wishing to select with care his foundation females. The cattle are in great bloom and are of the best of quality. The herd has never looked better. We know that you will find cattle here that you like.
